Engystol Immune Booster

This amazing injection boosts your immune system naturally. Think of it as an all-natural flu and cold shot. Stimulate your immune system with this dynamic combination of Engystol homeopathic ingredients that are scientifically proven to reduce the duration and severity of symptoms during an acute viral infection, as well as helping to prevent future infections.

Scientifically proven to improve the fighting capacity of white blood cells by an amazing 41%!

- Relieves cold and flu symptoms including: runny nose, sore throat, muscle aches and mild fever
- Reduces duration of viral infections
- Scientifically and clinically proven effective
- Suitable for the entire family
- No known side effects, contraindications or interactions
- Boosts your white cell blood count by as much as 41%

Engystol is an all-natural homeopathic remedy that is given as an injection once a month as a preventative for flu season. It has scientifically proven anti-viral activity and is effective in treating and preventing viruses such as influenza, herpes simplex 1, rhinovirus and RSV. Studies have demonstrated that Engystol improves white blood cells by 33%.
